

### **Tharwa donates to “Patients Helping Fund Society”**

For a third year in a row, Tharwa investment Co. is campaigning to donate to cancer patients in accordance with its humanitarian program to provide the necessary support to those suffering from chronic and advanced cancers in order to instill hope and meet their medical challenges.

As part of Corporate Social Responsibility (CSR) Program adopted by Tharwa Investment Co. and as a humanitarian Initiative to contribute towards providing medical treatment to cancer patients, Tharwa has donated to the “Patients Helping Fund Society” which treats cancer patients in Kuwait , this step comes to support cancer patients because of the steady increase in their numbers according to official statistics.

Tharwa aims from this humanitarian initiative to benefit the widest possible range of cancer patients from health and social services as well as to alleviate the suffering of cancer patients and to stand beside them humanely.

This comes in accordance with the directions of the Board of Directors and Executive Management which reflects the commitment and dedication in providing the efforts and capabilities to serve the Society and contribute to its development.

In this regard, Tharwa asserts that social responsibility has been placed as one of its priorities since its founded in 2006, It devotes enough time to develop programs and policies that achieve integration between social and economic objectives for achieving sustainable development.
